

RADIUS Conference 2026

Global RADIUS Conference Presented by

InkBridge Networks & Radiator

In-Person Workshop: June 8, 2026

Virtual Speaking Series: June 15, 2026

Leading RADIUS implementors, users, and standards contributors, collaborating to work towards the next generation of RADIUS solutions.

- First global conference dedicated to RADIUS technology and implementation
- In-person workshop open to everyone as an official TNC 26 side event
- Virtual format allowing worldwide participation
- Organized by the creators of FreeRADIUS and Radiator Software

Why Be a Speaker?

Join the world's leading experts in network authentication, security architects, and practitioners for three days of intensive knowledge-sharing and collaboration.

- Connect with **network security professionals** worldwide
- **Share your expertise** with decision-makers from ISPs, universities, and enterprises
- Receive **professional recordings** of your session for your portfolio
- Get featured on our **conference website and promotional materials**

Conference Tracks

Technical Track

- Clearing the air: RADIUS vs Diameter vs TACACS+ vs radsec, why, when, and how?
- Benefits of using MAC address RADIUS authentication (enterprise)
- Proxy problems in RADIUS
- How WBA is pushing vendors to fix their RADIUS implementations
- Radiator Software: Securing critical networks with RADIUS

RADIUS in the Real World

- Eduroam, why is Eduroam important, everything you need to know about Eduroam
- RADIUS in the enterprise - network situational awareness
- WBA open roaming: What it's used for and why
- RADIUS accounting in the real world: what's wrong, how you lose money, and what we're doing to fix it

Enterprise

- RADIUS is just for ISPs, right?
- Why would an enterprise use RADIUS?
- What happens when you don't use RADIUS?
- How can you secure your network with RADIUS?

Featured Speakers

Alan DeKok
Founder of FreeRADIUS
and CEO
InkBridge Networks

Karri Huhtanen
CTO, Founder, Radiator Software
Oy
Radiator Software

Charlie Allgrove
Senior Solution Architect
GlobalReach | ASSA
ABLOY

Featured Speakers

Mary Bull
Technical Service Manager
eduroam

Bryan Lechner
Director of Product Line
Management – NAC & SSE
HPE Aruba Networking

Howie Koh
VP of Innovation and
Emerging Tech
Forescout Technologies

Featured Speakers

Eva Santos
Service Delivery Engineer
Nile

Mark Grayson
Cisco Fellow
Cisco

Stefan Paetow
Federated Roaming Technical
Specialist
Jisc

Building the Future of Network Authentication

Additional keynotes to be announced.

We're Looking For:

- Technical deep-dives
- Case studies
- Security research
- Implementation stories
- Standards discussions
- Future-focused presentations

Session Formats:

- 45-minute technical presentations
- 30-minute case studies
- 20-minute lightning talks
- Panel discussions

Submit Your Proposal

- **Email:** announce@radiusconference.org
- **Deadline:** May 29, 2026

Include:

- Talk title and abstract (300 words max)
- Session format preference
- Brief speaker bio
- Previous speaking experience
- How you will promote your participation if accepted
- Contact information

Sponsored Speaking Opportunities

Premium Speaking Slots Available

- Premium Speaking Slots Available
- 45-minute product showcase
- Prime time scheduling
- Marketing package included
- Lead generation opportunities

Gold Slot \$7,500

- Prime time presentation
- Dedicated email blast
- Social media promotion
- Lead list access

Silver Slot \$5,000

- Standard time presentation
- Social media promotion
- Lead list access

Event Sponsorship Packages

Gold Sponsor \$15,000

- Virtual booth
- 1 sponsored speaking slot
- Logo on main materials
- Attendee list

Silver Sponsor \$7,500

- Virtual booth
- Logo placement
- Basic attendee list

Bronze Sponsor \$3,500

- Logo placement
- Company listing
